

North Hills Tree Service

PITTSBURGH'S MOST HIGHLY RATED TREE COMPANY FOR A REASON

Statement from the Owner

First, let me thank you for considering North Hills Tree Service in assisting with your project. I, Ryan Dewey, born and raised in the northern suburbs of Pittsburgh have been self-employed for over 24 years. Through the years, I have come to realize that a successful business must consist of the following: fiscal responsibility, awareness of satisfaction, skilled personnel that take pride in what they do and have respect for one another, the right equipment, and the good Lord's blessings. I could not be more proud of my association with NHTS and the reputation we have achieved. NHTS is a small (5-man crew) locally-owned company that prides itself on safety, getting the job done right, and treating people fairly, while taking every necessary precaution to care for one's property. We continually make investments to ensure safety and ways to preserve the integrity of your property. One notable investment was the purchase of the tallest-known crane in western Pennsylvania specifically designated to tree work. It makes tree work much safer and, in many cases, allows us to remove trees and debris by utilizing the sky as our pathway to the chipper as opposed to your lawn. When the crane is not an option, we protect your property with skilled climbers and roping techniques, along with the assistance of Alturna lawn mats and low ground pressure rubber track machines to extract debris.

We also recognize that material investments mean nothing without proper management and skilled labor; our operators are ANSI and OSHA certified and our men in the tree are rigging certified. We're backed by over 50+ years of combined experience and are fully insured.

Through the years, I have found that companies that don't stand behind their work are the ones that can't afford to. Rest assured that NHTS is properly insured, well-funded, and managed under the most stringent financial care. Our approach to budgeting and efficiency to keep down overhead and maintain competitiveness is a constant review. No Ads or Gimmicks; NHTS has a \$0 dollar annual budget for advertising. Our work comes from previous clients and referrals. We do not pay to be at the top of a Google search, our reputation places us there. You will not find boastful bogus reviews online or negative reviews about us not calling someone back, not completing a job, or excuses as to why a stump was not ground, etc. To the contrary, on Google reviews alone, you will find over 146 consecutive 5-star reviews by genuine satisfied customers. Google analytics reports declare us the most highly rated tree service company in Pittsburgh and the surrounding area.

Giving Back; we proudly donate \$10 for every customer we serve. In 2018-2029 we gave over \$15,000 to The Daughters Project to help fight Human Trafficking. At the end of 2020 we will be donating monies to The Daughters Project and St. Jude's. Such contributions are expected to exceed \$8000. For that, our family thanks God, our hardworking crew, and you, our truly valued customer. We know without you, our dedicated employees, and God's blessings, none of it is possible.

Once again, we thank you for your support and know that we are always here to assist.

With Gratitude,

Ryan Dewey - Owner
